

MID-YEAR REVIEWS

The mid-year reviews of the 2011 CAPs were launched in July in Geneva in the margins of ECOSOC. Revised data on projects and requirements is available on FTS (<http://fts.unocha.org>).

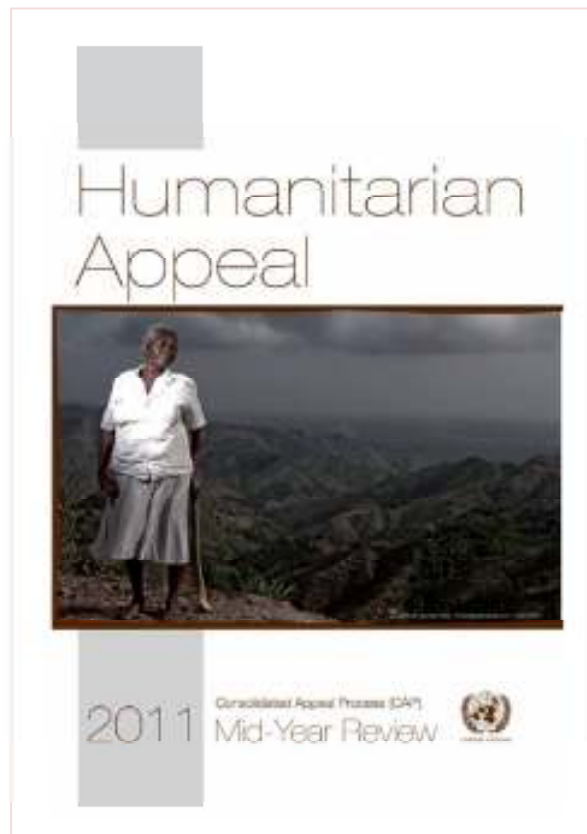

For an overview of the Consolidated Appeal Process at mid-year and an overview of each revised appeal, you can download our "chapeau" document at:

The mid-year documents are available on www.humanitarianappeal.net

As you will see in each document, all financial tables and "Funding to Date" sections relied on FTS data. The appeals organize the FTS data in different ways and they provide a good sample of the type of analyses that can be carried out for a specific crisis.

Many thanks to all colleagues who worked hard to update FTS data during the mid-year reviews and we look forward to your continued reports.
