

# FTS PUBLIC COMMUNICATION: XML AND RSS SERVICE

## What is the XML and RSS feed service on FTS?

FTS data is available via a XML and RSS feed. This service allows users to import FTS search results into their own websites and ensure that the information displayed is up-to-date. This facilitates the work of many field offices and partner organisations who wish to link to customised FTS data.

## Steps to reach to RSS feed page

**Step 1.** Go on the FTS website :  
<http://fts.unocha.org>

**Step 2.** Click on “Custom Search”. Then click on “Search by contribution” if you want your analysis to include information about contributions to specific emergencies, countries, organisations, sectors and/or by donor. Click on “Funding and Requirements by appeal project” if you only want an overview of the funding status of projects in humanitarian appeals only.

**Step 3.** Click on “click here to login”<sup>1</sup>

**Step 3a.** If you have an OCHA Single Sign-On Passport, enter your email and password and click on “Login”

Then, click on the 16 Appeals for 2012 in the “Recent Appeal(s)” box (do not click on “Provision of Central Emergency Response Fund 2012”). Click on “Show Selected criteria” to verify, and then click on “Save the search to My Financial page” to save the query. Finally, click on “GO”.
