The NHF fourth reserve allocation of US$5.2 million in July focused on addressing needs of people at high risk of displacement due to extended military operations and whose vulnerabilities are exacerbated during the rainy season. Humanitarian partners plan to reach about 323,000 people with health services, safe water, sanitation, life-saving non-food items and emergency shelter. Partners will also provide protection services including GBV and child protection case management and family tracing and reunification of unaccompanied children.

### People Targeted by Fourth Reserve Allocation

**Implementing Partners and Projects Presence**

**2018 NHF Overview**

**Funding by Sector (million $)**

- Health: 11 projects funded (4)
- Shelter-NFI: 11 projects funded

- Belgium: $12.3 million
- Norway: $10.0 million
- Switzerland: $8.3 million
- France: $6.6 million
- Ireland*: $5.2 million
- Sweden: $4.0 million
- Belgium: $2.5 million
- Sweden: $1.9 million
- Norway: $1.5 million
- Canada: $0.4 million
- Iceland: $0.2 million
- Luxembourg: $0.1 million

**Available Balance for Allocation:**

- $114.8 million

**Contributions (million $):**

- $37.7 million
- $19.7 million
- $13.4 million
- $11.9 million
- $114.8 million
- $5.2 million
- $2.3 million
- $1.0 million
- $0.1 million

**Fourth Reserve Allocation Overview**

**Funding per Geographical Area:**

- LGAs: 27,150
- States: 54,300
- Borno: 75,400
- Gwoza: 12,375

**People Targeted by Fourth Reserve Allocation**

- 105,405 girls
- 90,405 boys
- 90,405 girls
- 75,405 women
- 60,405 men
