

Excellencies,

Ladies and Gentlemen,

Andorra is responding to the appeal made by the Secretary General in order to show its solidarity towards Yemeni People, but also to express its concerns regarding the extremely difficult ongoing humanitarian situation.

Andorra is making, since many years, voluntary contributions to Yemen. We wish to welcome the work on the field by the United Nations Agencies and the ICRC.

Aware of the critical situation in Yemen, the Government of Andorra is once more committed to contribute in 2022 with 15.000 euros. The amount of this contribution, though modest, is in line with the budget Andorra allocates to International Cooperation and proportional to our population of 78.000 people.

The situation in Yemen is not improving. We must not forget, despite the most recent and tragic humanitarian crises, that some situations are still ongoing far from the spotlight, populations are suffering and the humanitarian emergency is still present.

Excellencies,

As highlighted by the Secretary General of the United Nations it is crucial that Yemen finds a durable solution to the deep-rooted causes of its situation in order to end with the suffering of Yemeni people.

Thank you.
