6. Infection prevention and control
7. Case management
8. Operational support and logistics

+ Maintaining essential health services and systems
UN framework for the immediate socio-economic response to COVID-19

There will be no global costing figure.

The framework supports **five work streams**:
1. Protecting health services and systems
2. Social protection and basic services
3. Protecting jobs and small and medium-sized enterprises
4. Macroeconomic response and multilateral collaboration
5. Social cohesion and community resilience
The three components are complementary
