Protection from sexual exploitation and abuse and sexual harassment is critical to the effective delivery of aid to people in need, and also to the integrity of humanitarian organizations and workers. But more than anything, they cause harm and distress to victims and survivors.

Panel discussion:
- Strengthening PSEA coherence and coordination in our approach.
- Strengthening coordination on the ground
- Localization and translating PSEA policy into practice: Lessons from and opportunities for women-led organisations.

Join us for an informative session and discussion.
