The United Nations Office for the Coordination of Humanitarian Affairs (OCHA) will host a virtual global launch of the Global Humanitarian Overview 2021 on Tuesday, 1 December 2020. The launch will be followed a panel discussion on The changing humanitarian landscape.

The Global Humanitarian Overview is the world’s most comprehensive, authoritative and evidence-based overview of the current state and future trends in humanitarian action and is published by OCHA. This event will take place as part of a global strategy to engage decision-makers and humanitarian actors in highlighting the key themes covered in the Global Humanitarian Overview 2021. It will serve to amplify the voices of affected people and encourage partners to contribute generously to humanitarian operations.

Please register here by 30 November. The event will be streamed via UN Web TV.
