Invitation

The GHO launch in Geneva will present the latest humanitarian trends, analyses, challenges and opportunities, and provide an overview of coordinated plans for humanitarian response in 2022. Following the presentation, a high-level panel will discuss climate change and how it contributes to a more challenging humanitarian response for vulnerable people in countries with humanitarian crises or in communities at risk of sudden-onset disasters.

Please register here by 29 November. The event will be streamed via UN Web TV.
