

1. **Scope:** The 1st YHF Standard Allocation (SA) was launched on 31 January with the objective of covering key gaps in the existing operation and support the immediate scale-up of activities in highly vulnerable communities. A minimum of USD 80 million was available for this round. The following parameters were identified:

- Expanding high impact programs in districts classified as IPC 4 and above
- Scaling up assistance in priority IDP hosting sites
- Scaling-up first line assistance in areas of new displacement

The deadline to submit proposals was on 15 February.

2. **Advisory Board:** On 27 January, the AB met to consider for endorsement clusters' dossiers recommended for funding under the 1st SA 2019, based on the HRP 2019. All Cluster portfolios were endorsed with a reduction in scope for assistance in areas of new displacement. The AB agreed to make additional funding available if donors' pledges were to be confirmed on time.

3. **Review of Proposals:** Cluster Coordinators representatives, with support from OCHA's Humanitarian Financing Unit (HFU), conducted Strategic and Technical Reviews (STRC) from 26 February – 5 March. The STRC used a score card to determine the strategic, programmatic and financial relevance of the submitted proposals. Projects averaged 73/100 with 85 per cent of recommended proposals scoring above 60/100.

4. **Approved Projects:** Sixty-one proposals (61) have been approved, including twenty-four projects which are multi-cluster. The recommended projects cover 13 out of 22 governorates. Overall, 81 projects amounting to USD 98 million were screened by the STRCs. Sixteen (17) were excluded for being outside the scope of the strategy, due to their poor quality or lack of prior consultation with the Clusters. Three partners withdrew their applications during the review process. Almost 3.7 million Yemenis will cumulatively benefit from this 1st SA.

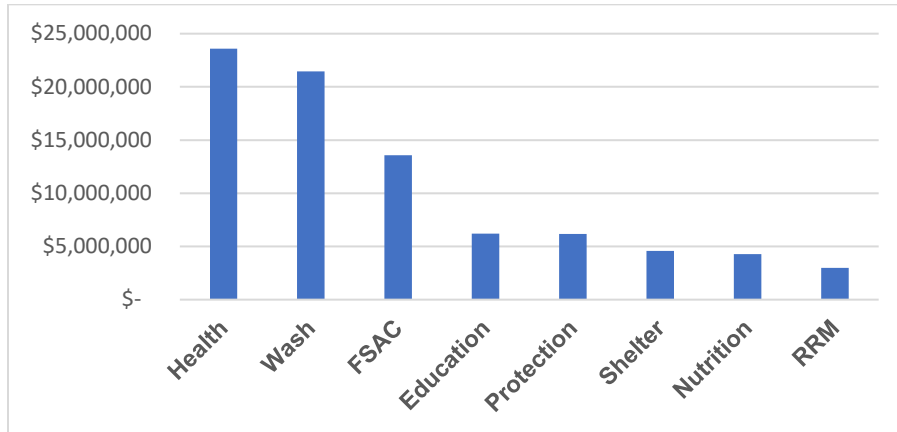

5. **Budget:** The overall budget of the 61 selected projects is USD 82.8 million. Forty-one partners will be supported through this allocation, including three partners which will receive funding for the first time. National and International NGOs will receive 76 per cent of the allocation or approximately USD 63.3 million, while the UN will receive USD 17.4 million and the International Red Cross and Red Crescent Movement USD 2 million. Of the 61 projects, 32 will be implemented by NNGOs, 19 by INGOs, eight by UN agencies and two by the Red Crescent. Partners' budget and project revisions resulted in an overall allocated budget slightly above the initial allocation envelope made available. The charts summarize the submissions.

6. **Timeline:** The first projects were signed on 27 March, less than two months after the launch of the allocation.

7. **Approval process:** OCHA started engaging with NAMCHA early April to seek their support for the timely signature of sub-agreements for NGOs.

Allocation breakdowns

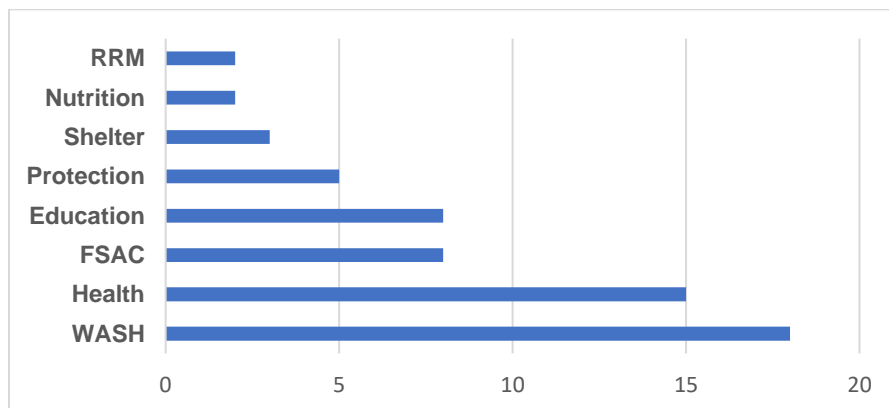

1. Budget per cluster

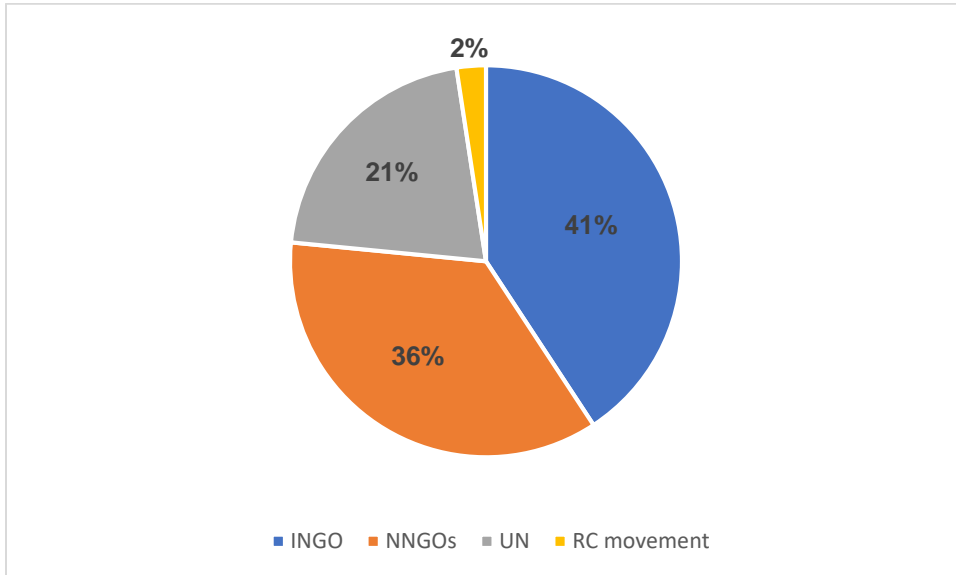

2. Detailed overview per cluster

Cluster	# project approved	budget	# project approved with inclusion of multi cluster	Budget with share of Multi-Cluster projects
