

1. **Scope:** The 1st YHF Standard Allocation (SA) was launched on 8 June with the objective of leaving no one behind at a time when 5 million vulnerable people are just one step away from famine and the humanitarian response remains underfunded. An envelope of US\$ 50 million was available for this round. The following priorities were identified:
 - Priority 1: Improving living conditions and access to assistance and protection for People With Disability (PWD), minority groups such as the Muhamasheen, and persons with other specific needs (limited to female-headed households, vulnerable children exposed to neglect, abuse, violence, exploitation, and child marriage).
 - Priority 2: Provision of life-saving integrated response for people in acute needs in 4 hard to reach, frontlines and under-served areas with high severity of needs.
 - Priority 3: Provision of emergency, life-saving assistance and protection to the most acutely vulnerable IDPs, refugees, migrants and host communities most at risk due to recent displacements and conflict.
 - Priority 4: Provision of life-sustaining services and protection to the most vulnerable people in acute needs to improve their resilience.

The deadline to submit proposals was on 25 June.

2. **Advisory Board:** On 2-3 June, the AB met to consider for endorsement clusters' dossiers recommended for funding under the 1st SA 2021, based on the HRP 2020. All Cluster portfolios were endorsed.
3. **Review of Proposals:** Cluster Coordinators representatives, with support from OCHA's Humanitarian Financing Unit (HFU), conducted Strategic and Technical Reviews (STRC) from 30 June-6 July. The STRC used a score card to determine the strategic, programmatic and financial relevance of the submitted proposals. Projects averaged 70/100 with 66 per cent of recommended proposals scoring above 70/100.
4. **Approved Projects:** Sixty-one proposals (61) have been approved, including 18 projects which are multi-cluster. The recommended projects cover 14 out of 22 governorates. Overall, 72 projects amounting to \$64.2 million were screened by the STRCs. Eleven (11) were excluded for being outside the scope of the strategy, due to their poor quality or lack of prior consultation with the Clusters. Almost 1.9m Yemenis will cumulatively benefit from this 1st SA.
5. **Budget:** The overall budget of the 61 selected projects is approximately \$50.5 million, including almost \$11.5m to the four priority districts of As Sawadiyah District in Al Bayda Governorate, Abs District in Hajjah Governorate, and Bayt Al Faqih and Hays districts in Al Hodeidah Governorate. Thirty-nine (39) partners will be supported through this allocation, including one partner which will receive funding for the first time. National and International NGOs will receive 87 per cent of the allocation or approximately \$44 million, while the UN will receive \$4.2 million and the International Red Cross and Red Crescent Movement \$2.3 million. Of the 61 projects, 29 will be implemented by NNGOs, 26 by INGOs, four by UN agencies and two by the Red Crescent. The charts summarize the submissions.
6. **Timeline:** The first projects were signed on 17 August.
7. **Approval process:** OCHA will start engaging with SCMCHA and MoPIC to seek their support for the timely signature of sub-agreements for NGOs.

Allocation breakdowns

1. Budget per cluster

2. Detailed overview per cluster

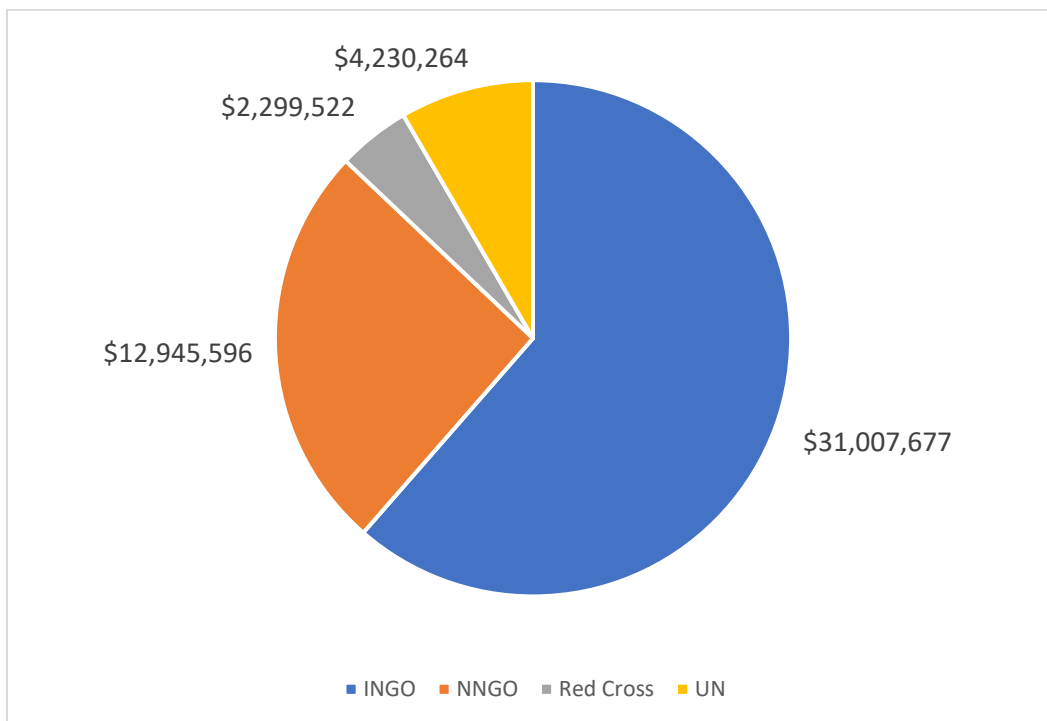

Cluster	# project approved (single cluster)	Budget ¹ (single cluster)	# project approved with inclusion of multi cluster	Budget with share of Multi-Cluster projects
FSAC	4	\$ 2,094,889.10	9	\$ 7,252,071.05
Health	5	\$ 1,952,994.72	14	\$ 5,027,608.40
WASH	7	\$ 3,588,549.52	15	\$ 7,945,766.48
