

1. **Scope:** The 2<sup>nd</sup> YHF Standard Allocation (SA2) was launched on 9 November with the main objective to enhance dignified living conditions for thousands of displaced persons in sites at a time when 5 million vulnerable people are just one step away from famine. An envelope of US\$ 45 million was available for this round. The following priorities were identified:
  - **Priority 1:** Improving dignified living conditions for the most vulnerable IDPs in under-served IDP sites and supporting partners' interventions in new sites lacking services in prioritized sub-districts.
  - **Priority 2:** Supporting durable interventions through innovative programming and localized solutions in Al Ashah district in Amran governorate, Al Qahirah and Al Mudhaffar sub-districts in Taiz governorate, Al Zuhrah in Hudaydah governorate, Al Maton and Al Hazm districts in Al Jawf governorate.
  - **Priority 3:** Supporting affected communities' movements and access to services through mine action clearance and RRM

The deadline to submit proposals was on 25 November.

2. **Advisory Board:** On 19 October, the AB met to consider the scope of the SA2 and tentative envelopes per priority. The allocation strategy was endorsed by e-mail on 8 November.
3. **Review of Proposals:** Cluster Coordinators representatives, with support from OCHA's Humanitarian Financing Unit (HFU), conducted Strategic and Technical Reviews (STRC) from 1-7 December. The STRC used a score card to determine the strategic, programmatic and financial relevance of the submitted proposals. Projects averaged 73/100 with 53 per cent of recommended proposals scoring above 74/100.
4. **Approved Projects:** Thirty-eight proposals (38) have been approved, including 26 projects which are multi-cluster. Overall, 61 projects amounting to \$69.8 million were screened by the STRCs. Twenty-two (22) were excluded for being outside the scope of the strategy, due to their poor quality or lack of prior consultation with the Clusters and one (1) project withdraw after the initial technical review. Over 1.3m Yemenis will cumulatively benefit from this SA2.
5. **Budget:** The overall budget of the 38 selected projects is approximately \$44.6 million, including \$11.7m to Marib governorate and \$8.8m to the prioritised districts under priority 2. Thirty-five (35) partners will be supported through this allocation. National and International NGOs will receive 78 per cent of the allocation or approximately \$34.8 million, while the UN will receive \$7.8 million and the International Red Cross and Red Crescent Movement \$2 million. Of the 38 projects, 19 will be implemented by NNGOs, 12 by INGOs, six by UN agencies and one by the Red Crescent. The charts summarize the submissions.
6. **Timeline:** The first projects were signed by mid-December.
7. **Approval process:** OCHA will start engaging with SCMCHA and MoPIC to seek their support for the timely signature of sub-agreements for NGOs.

## Allocation breakdowns

### 1. Budget per cluster

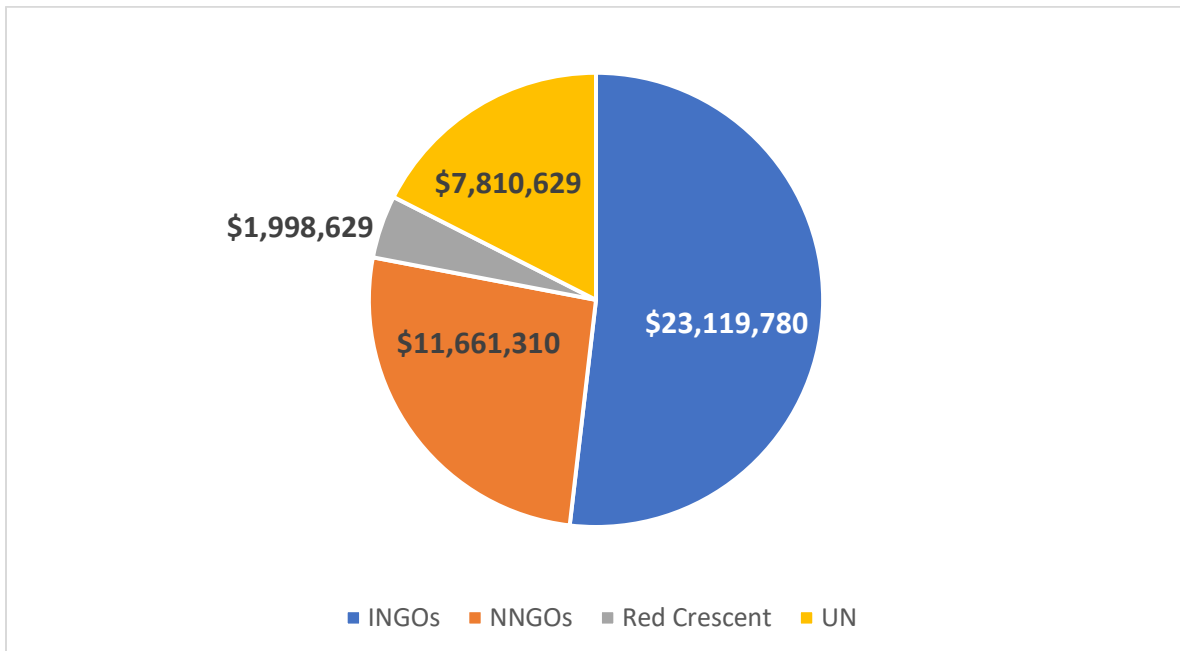

### 2. Detailed overview per cluster

	Total amount	# projects with multi-cluster components
RRM	\$ 1,535,005	3
Nutrition	\$ 1,951,104	6
CCM	\$ 2,709,126	5
FSA	\$ 3,045,329	5
Education	\$ 3,917,788	11
Protection	\$ 6,665,676	14
Shelter	\$ 6,745,538	12
Health	\$ 7,401,157	14
WASH	\$ 10,619,625	16
